

GDPR – Express Consent

The GDP Regulations require that the data subject (the Member) gives express consent for the user (the Club in our case) to process data held about him or her.

It is our view that the Club cannot function without you as a Member giving us consent to process your information. Therefore any application to join or renew a membership **by default** gives the Club the required consent.

This implied consent is given upon payment of any fees for membership and/or granting of special classes of membership.

(Please contact us as outlined at the foot of the page if you wish to decline giving such consent although we may need to decline your application to join or renew in that event due to the inherent difficulty in administering a members status where the right to process their data is withdrawn).

Privacy Statement

(A statement about how we process your data as a mutually beneficial owners Club).

The Club and its Officials promise to respect the confidentiality of any personal data you share with us and we will always take every effort to protect your privacy. We promise we will never do anything with your details that you wouldn't reasonably expect.

This privacy statement explains how the Honda S800 Sports Car Club will use any personal information we collect about you for managing this year's membership, any events that we hold and any other matters we think are of relevance to you as a Club member. It relates to data received both online and offline, as well as any electronic, written or oral communication.

WHAT INFORMATION DO WE COLLECT?

We collect information about you when you make an application to join the Club or renew your entry either online or via a printed form. The information we collect about you can include your name, address, email address, phone numbers & details of your car(s).

HOW DO WE USE THE INFORMATION ABOUT YOU?

We collect information about you to ensure the smooth running of the Club and for welfare reasons as necessary in relation to events. This may include creating a record in your name on our Club system to record your relevant information and payment of membership fees. We may contact you about matters we think might be of interest as a Club member.

HONDA S800 SPORTS CAR CLUB – GENERAL DATA PROTECTION REGULATION

WHO WILL USE YOUR PERSONAL INFORMATION?

The Club will hold and maintain the data for the smooth running of the Club. Information will only be shared within the committee to those having a “need to know” the information at the appropriate time.

ACCESS TO YOUR INFORMATION AND CORRECTION OF DATA.

We want to ensure that your personal information is accurate and up to date. Please contact us to correct information you think is inaccurate.

HOW LONG WILL MY INFORMATION BE HELD?

The information will only be retained safely for as long as is necessary.

MARKETING.

We will not sell, trade or share your personal information with third parties without your express consent. We may occasionally send you mailings on behalf of other unrelated organisations if we believe they are of interest to a typical Club member.

CHANGES TO OUR PRIVACY STATEMENT.

We keep our privacy statement under regular review.

SECURITY.

Your data is held on a secure online database administered by Then Media to which only a limited number of committee members and senior Then Media personnel have access.

PAYPAL.

In any website financial transactions that are handled through a third party, such as PayPal, Honda S800 Sports Car Club will only share information necessary for the purposes of processing payments made via this website, and any information necessary to deal with complaints and queries relating to such payments. You can review PayPal's privacy policy at www.paypal.com

HOW TO CONTACT US.

Please contact the Club if you have any questions about our privacy statement or information we hold about you:
